

The Bow Valley Call

Devoted to the Up-Building of Gleichen and the Development of the District Generally

Year VI., No. 10

GLEICHEN, ALBERTA, THURSDAY, MAY 29, 1913

Per Year \$1.50

Queenstown News

The Queenstown Farmers Union held a regular meeting in the Pioneer School Saturday evening, May 17th. It was decided to hold the annual picnic on July 11th this year at the Bow River at the same place as last year and committees were appointed to handle that affair. It was decided to get one or more speakers if possible and the secretary was instructed to invite the unions from Gleichen, Cluny and those directly south of us. R. Shore who carries the mails to the various post offices in this district, read a letter from the Gleichen Creamery directors asking him to bring in cream with the mail which he agreed to do. The Union decided to give the business all the support possible and a committee was named to canvass the district in order to find out how many would deliver cream to the post offices. A letter was read from the secretary of the Cluny Union asking the Queenstown Union to co-operate in buying sugar and binder twine by the carload. A committee was named to handle the twine business composed of P. Mills, W. Robertson and Geo. Macomber.

It was reported that the cars of fence and hog wire and posts, which had been ordered, would be at Cluny in a few days.

The secretary was instructed to order another car of cedar posts.

It was decided to hold the next meeting in the Queenstown school on June 14th, at 8 p. m.

The taxes under our new municipality are considerably higher than under the old system but then there is some consolation to hear that there will be some money for road work this year and those who want to may work out their taxes.

A number of road formen have been appointed. A Boggs is formen of the north half of 19, 21 and Henry Dietz of the south half while P. Soli will handle a part of the district west of the lake.

Jake Bartsch is now gathering statistics in regards to the crops put in in the district which is to be sent to George Lane the newly elected representative to Provincial Legislature. Mr. Lane says he is doing his best to have the railroad built through Queenstown as soon as possible.

Mr. and Mrs. James Burk have just returned from Gladdis, where they were visiting friends.

Old man Jordan, the oldest man in Queenstown, is lying dangerously ill at his home and it is feared the grand old man will never be seen on the grain trail any more.

John L. Ebbie will go to Chicago about the first of August where he will attend school next fall and winter.

Henry Dietz is now breaking up section 13-19-21 with his gasoline outfit.

Ira Miller is going to the State of Washington after seeding, where he bought some fruit land some time ago.

Seeding is practically all finished in Queenstown and the first sown grain is up and looks fine.

Mrs. Chris. Anderson left last week with her children on a visit to her former home in Denmark. Mr. Anderson will follow them after harvest and all will return to Gleichen next spring.

A meeting of the directors of the Agricultural Association will be held in the Town Hall on Tuesday June 3rd at 8 p. m.

Successful Victoria Day Sports

Victoria Day is always remembered in Gleichen and last Saturday was no exception to the rule. More than one thousand people gathering here from all points of the compass to do honor to a great queen and enjoy a day's outing.

The day was an ideal one for the Gleichen District Agricultural Association's Annual Sports, and to those members who have worked faithfully and spent their own money and time liberally to purchase and keep up the fine grounds and buildings of the Association, it will be pleasing to know that it was a success financially. More especially when we can quote an uninterested man as stating that for a race course there are few that can equal it in the west and that our buildings are in advance of any town this size he ever visited.

The committee appointed by the directors thought it wise, after considering the financial condition of the association, as well as many other things, to reduce the amount usually offered in prizes to make the days sport more local, go in for a general good time and add to the finances of the Association.

THE BASEBALL GAME

The baseball boys came to their aid in this and although the match between Blind Creek and Gleichen did not get started until near noon, it was admittedly the closest and best game ever witnessed in Gleichen, at the termination of the ninth innings, the score being 4 to 5 in Gleichen's favor.

Unfortunately the official scorer was in the game, an hour-long hand reporter was obliged to take the job which he gives as follows:

First Innings

Blind Creek went to bat first, with Henry up who struck out, Carson followed but went out before he left 2nd base and Mace reached 3rd, when Williams was caught.

For Gleichen Johnston went out on 1st, Tarrant got to third and B. McArthur and J. McArthur both struck out.

Second Innings

Sproule and Belcher went out on three strikes, Baker got to 2nd and Creal was caught.

Demarest reached 3rd, Dunn went out on 1st, while Stump struck out followed by Moulton.

Third Innings

Watts went out on strikes, Henry and Carson each scored one, Mace went out on 1st, and Williams was left on 3rd when Sproule was caught out.

Johnston went out after passing 3rd, Tarrant was caught, Wade was left on 1st, when B. McArthur went out.

Fourth Innings

Belcher went out on 1st, Baker on strikes and Creal caught.

Jack McArthur scored, Demarest out on 2nd, Dunn struck out, Stump reached 2nd, when Moulton struck out.

Fifth Innings

Watts struck out, Henry reached 1st, Carson was left on 2nd and Mace failed to reach 1st.

Johnston and Tarrant were both caught out, while Wade scored, B. McArthur was left on second and J. McArthur was caught out.

Sixth Innings

Williams struck out, Sproule left on 2nd, Belcher struck out and Baker was on 1st when Creal was caught.

Demarest scored, Dunn out on 2nd, Stump struck out, Moulton reached 3rd and Johnston 2nd when Tarrant was caught out.

Seventh Innings

Watts struck out, Henry got to 2nd, Carson struck out and Mace was caught.

Wade struck out, B. McArthur reached 3rd, J. McArthur was put out on 2nd and Demarest was caught out on foul fly.

Eighth Innings

Williams struck out, and Sproule and Belcher were caught out on flys. Dunn went out on 1st and then Stump and Moulton struck out.

Ninth Innings

Baker and Creal both scored, Watts reached 3rd, Henry and Carson struck out, Mace got to 2nd and Williams to 1st when Sproule struck out.

The last of the ninth was the most exciting as the score stood three to four in the visitors favor. However, Johnston managed to get to 1st and as Tarrant followed his example he made 2nd, and before Wade struck out they both stole another base. Then B. McArthur got to 1st on a strike, while Johnston made home and Tarrant to 3rd. J. McArthur got in a tap that took him to 1st and Tarrant home. Thus the game ended.

The following was the line-up:
Blind Creek: Henry catcher, B. McArthur pitcher, J. McArthur pitcher, Mace 1st base, Wade 2nd base, Tarrant 3rd base, Stump 4th base, Sproule s. stop, Johnson c. field, Creal c. field, Moulton Baker c. field, Demarest Belcher 1. field, Dunn

A. Bogstie filled the position of umpire to the general satisfaction of all concerned, what few disputes there were being amicably settled.

SPORTING EVENTS

No sooner had the baseball ended than the general race program was taken up, but as there were no entries in the harness classes the committee quickly adjusted the events to suit the occasion.

Dr. Wainwright was duly chosen judge for the various events and Dr. Hughes as starter which important and critical positions these professional gentlemen filled to the satisfaction of all.

The racing opened with a keenly contested Indian race among five of the redmen. It was for one mile and as usual they spared no whips and succeeded in getting the spectators in good humor for the rest of the events.

The quarter-mile Pony race 11.2 and under was won by Collins' Montana Boy and James' Chit, with another competitor.

The Five-Eighth-Mile was a close race although Goodman's Jack proved an easy winner, with James' Ginger 2nd and Wishart's Billie 3rd although the latter was somewhat played out, as the horse bolted several times before the final start.

The Indians in a second mile race competed for by seven riders delighted the crowd.

The squaw race of half a mile was cause for great fun, and the native beauties certainly rode hard for the prizes and evidently enjoyed the sport more than their white sisters.

Goodman's Jack once more distinguished himself in the half-mile open, Taylor's Rosebud Boy taking second money, against Leggat's Sleepy Joe and O'Bray's White Fox.

There was fun in plenty when the slow race came up with three entries J. Naylor's Quick Silver, Bertie Burr's Buster and Ariel's Billy. As one remarked it took the three standing side by side to cast a shadow. Quick Silver was the favorite and the ladies would have bet all their jewelry only they feared to put it up for fear he would not come under the wire till next Victoria Day. Billy was the second choice for he had a triple more flesh on his bones. While nearly all picked the fat little sheltan Buster as two fast but not being being used to harness he fooled them all. The ladies fairly screamed when the drivers exchanged, Naylor driving Buster; Ariel, Quick Silver and Burr, Billy a quarter of an hour later Buster won by being last with Quick Silver a few yards a head of him and Billy several hours ahead.

The next was an exciting squaw race for half a mile.

Again Goodman's Jack proved his quality easily winning the race open while Taylor's Rosebud Boy had a close call in winning second money from Wishart's Roan.

The cowboy race had nine entries, and was run in relays of three with the winners of each relay competing with the result that V. Scott and first money, Joe Threoson secured O. D. McMaster third. This race was keenly contested by both women and Indians and heartily applauded by the spectators.

A five-mile automobile race, contested by A. Warnock and J. L. Service, the former winning by 11 most three-quarters of a mile was not a very fast race as nothing appeared to have gone wrong with Service's car. It would be fair to quote the time as the judge quit his job and six horses were covered before the winner stopped.

In the evening a match race was run between Collins' Montana Boy and Rainsbottom's Sport, the former winning.

A dance in the Opera House, a fine display of fireworks in the Palace Hotel concluded a good celebration.

Much interest was centred in the marriage of Mr. Nevi Lowyski and Miss Geovgi Ungariga, which was duly solemnized by Rev. Fr. S. S. in St. Victor's church. The young couple are natives of the province of Galatia, in Austria Hungary, and the manner in which the event took place was quite unique. However, only a very few English speaking people participated in the dancing was indulged in from Saturday afternoon, most of Sunday and part of Monday. The bride was the recipient of a number of handsome presents from her relatives and kinsfolk, but our composer has refused to place all the names in type, excepting Messrs. A. J. Ramsay and W. D. Morrow.

Some Calgary schoolboys and girls under the name of The Moore Dramatic Co. gave an entertainment in Gleichen, entitled "Young Mrs. Winthrop", that was so very dramatic that the audience thought it the best comedy ever staged here. The 11-in-g-e-r-i-n-g kisses were most agonizing. The Gleichen boys are now "stage struck", but our girls are well considering an amateur performance.

FOR SALE

17 head of thoroughly gentle general purpose horses. Can be seen 3 miles from town. Will sell cheap for cash. Phone 22, Gleichen

On Wednesday, June 4th, there will be given a musicale in the Methodist church under the auspices of the Ladies Aid of the church, when a special program will be rendered and refreshments served. All are cordially invited to attend.

The next meeting of the Gleichen United Farmers will be held on Saturday, June 7th, when important business is to be transacted. Mr. Tregg states that he now has all the legal documents on hand for the organization of the Elevator Co. and is most anxious that all interested parties will not fail to attend this meeting. He also states that there is still time to secure shares in the organization.

Tomorrow evening at 6.30 there will be an interesting game of baseball at Exhibition grounds between the Cluny Tigers and the Gleichen team. The Tigers have succeeded in winning every game they have played this season and are anxious to put it over the Gleichen team since been taken to the Calgary team diamond. Every early bow ball.

FACTORY AND FARM

Together They Build up the Ideal Home Market

No better example of the interdependence of the manufacturing and agricultural interests is required than Ontario. It is not necessary to go into the enormous industrial expansion in the province in the last two years. This is everywhere evident. But what of the farm? The field crop of Ontario last year were valued at \$850,000,000 or an average of \$1,681 from each of the 150,000 farms. Five years ago, the value of Ontario's agricultural output was placed at 144 millions, and ten years ago it was no more than a hundred millions. The number of farms to share in that one hundred millions was larger then than now, so that the average income of each farm was considerably less than \$1,686. In fact, the average income in 1901 was about \$600, according to calculations made from statistics published by the Department of Agriculture. This means that the Ontario farm of to-day is giving its owner, returns that are at least 180 per cent. greater than they were in 1901. The growing value of the output of the farms can only result in one thing and that is the increased value of the land. Thus, the latest records of the assessment of the rural areas show that the farm lands of Ontario are worth over \$108,000,000 more than in the first years of the last decade. To make the comparison still more striking, the assessed rural land of Ontario is worth \$10 an acre more than in 1901, and another significant fact is that the area of these lands has extended in the last ten years fully 1,500,000 acres, showing that farming is actually becoming a more widely followed pursuit in Ontario.

What is true of Ontario also applies to Manitoba, Saskatchewan, Alberta and other provinces. The greatest prosperity is where a fertile farming district is tributary to a good factory town. The one helps the other. The best market for the local farmer is the home market and the best produce for the citizen is from the near by farms and gardens.

RAISING LIVE STOCK

Grain Growing Alone is Not Adequate in Southern Manitoba

It takes time to change from growing grain to raising livestock and dairy cattle. But southern Manitoba is being both induced and forced into the change. The crops in the last three years have not been as good as they used to be, and the demand for all kinds of small food products from markets like Winnipeg and from the new settlers in Saskatchewan and Alberta has been such as to prove the profitability of feeding grain and fodder instead of growing grain alone. The result is that many a station platform is decorated with tin-gallon milk cans these days, waiting to be rushed to city dairies or to be consumed by a local creamery or cheese factory. Last year the district between Winnipeg and Morden, which is merely the central portion of Manitoba, marketed 6,472 head of cattle, 3,790 horses, and 10,338 hogs, an increase of nearly twenty per cent. in every department over the previous year. In dairy products the Manitoba farmer last year sold 900,000 pounds more butter than in 1910, and realized over \$200,000 more for his work. Creameries produced and sold nearly 400,000 pounds more butter than in 1910, and comparing total receipts for the two years for dairy products, over \$1,650,000 was received in 1911, as against \$1,472,000 in the previous year. This season will see further increases in these items.

OUR PULPWOOD

Sufficient Cut Yearly to Keep One Hundred and Twenty Mills Going

Fifty-six per cent. of the pulpwood cut in Canada during the year 1911 was exported to the United States. This is the fact shown by statistics collected by the Forestry Branch of the Department of the Interior.

The total quantity of pulpwood cut in Canada during 1911 was 1,520,227 cords. The quantity exported amounted to 844,939 cords, while the remaining forty-four per cent. (672,288 cords) was manufactured in Canada. The value of this pulpwood was \$5,440,592 (an average of \$6.29 per cord). Had the wood been retained in Canada and manufactured here, it is estimated that the value would have been increased to about \$15,000,000.

Had Canada manufactured into wood-pulp all the pulpwood she produced, she could have had enough to supply a hundred and twenty-two mills of the average size of those operating in Canada. Instead of the fifty-four she now has. Quebec could have supplied sixty per cent. more mills than she is now doing, and New Brunswick could have doubled the number of her mills.

MUST KEEP OUR RAW MATERIAL

Pulpwood Exports are Instance of Enormous Loss That Has Accrued to Canadian Industry

The Department of the Interior, Ottawa, has issued a report on "Pulpwood" in part as follows:

"If the pulpwood exported in 1911 had been reduced to pulp in Canada, it would have supplied 48 mills of the average size of those in Canada. Thus one hundred and twenty mills instead of fifty-four would have been operating in Canada, employing Canadian labor and advancing Canadian industry. The provincial laws affecting the export of pulpwood within the exporting provinces have changed considerably in 1911. In 1909, pulpwood from private lands in Ontario and from all lands in Quebec and New Brunswick could be shipped to points outside of Canada. In that year, however, the province of Quebec issued more restrictive regulations, which came into force on the 1st of September, 1910, prohibiting the export of unmanufactured wood cut on Crown lands within the province; and in 1911 New Brunswick passed legislation to the same effect, coming into force on the first day of October of that year, too late to affect the 1911 export trade.

Legislation Needed

"The effect of the Quebec legislation is noticeable this year. The export of raw pulpwood from that province was decreased by 142,864 cords, or 12.3 per cent. Its domestic consumption increased by 47,871 cords, or nearly 14 per cent., and three new mills were started in addition to several others under construction. In the other provinces taken together, the export of raw pulpwood increased by 47,662 cords, or 29 per cent.; the domestic consumption was increased by 26,130 cords, or 10.3 per cent.; and one mill less reported. It is evident that this legislation is already having the desired effect in stimulating the growth of the industry. It would also seem to have been effective in stimulating the export of pulpwood from other provinces, and from private lands in the province of Quebec.

"All the provinces are fully alive to the importance of preventing the export of this valuable raw material. So far as it is in their power, they have taken steps to prevent it from being carried off to build up the industries of another country, yet more than half the pulpwood cut in Canada is still carried over the border to supply the pulp mills of the United States. Nearly all of this wood is cut from privately owned land, over which the provinces have no jurisdiction. Only the federal authority, by the imposition of a prohibitive export tax, could stop this export.

Loss to Canada

It is interesting to note to what extent provincial industry would have been increased if the pulpwood exported to the United States had been converted into wood-pulp on Canadian soil. The 636,134 cords exported from Quebec would have supplied material for a year to forty-five pulp-mills of the average size operating in Quebec. In Ontario, 242 mills of the average size could have been kept running with the pulp logs exported from that province. The 123,698 cords shipped from the ports of New Brunswick would have supplied ten mills of the average size, if the high production of 1909 be taken as the normal capacity of the mills of the province. More than twice the number of mills operating in the Dominion might now be at work if Canadians had been far seeing enough to manufacture their own raw products.

THE DAIRY INDUSTRY

J. W. Mitchell, of Manitoba Agriculture College refers to the dairy branch of farm work as a manufacturing industry, declaring the full financial returns were to be obtained from it, the work must be done on business principles. Good cows must be first obtained, for a poor dairy cow was an unprofitable investment. A good cow would yield about 6,000 pounds of milk in a year, after taking the yield of over 225 herds throughout Manitoba. However, Prof. Mitchell declared that the average was 3,000 lbs. It was much more profitable to have only 6 cows to keep and care for than 12 poor ones, and 6 good cows would yield as much as 12 poor ones.

Accident, Death

At the Hackney Coroners Court, Dr. Guthrie informed a doctor, who gave evidence, that if a person is at the point of death, and receives a blow which accelerates death by ten minutes, that is in law an accident.

Widen Their Jaws

Fifty New York schoolchildren are saying the "Express" to have their jaws widened to improve their mental development. The doctor who recommended the treatment contends that a small lower jaw means small brain.

THESE FARM MACHINES ARE MAKING GOOD

THE McCormick line of farm machines has endeared itself to the hearts of thousands of farmers. We handle it because we know it is the best. We handle McCormick binders, mowers, rakes, reapers, huskers and shredders, knife and tool grinders, binder twine, corn machines and a full and complete line of repairs. Call and look over our line over and learn exactly what we have. It will take only a few moments of your time, and when you are in need of new farm machines or repairs for McCormick machines, you will know that we are ready to serve you. We will be only too glad to show you the McCormick line of farm machines, and we want you to call and get a catalogue. If there is any particular machine in which you are interested, make your wants known and we will see that you are supplied.

A. F. Larkin, Telford Blk

Public Notice!

PUBLIC NOTICE is hereby given that the following By-Law has been introduced in the Council of the Rural Municipality of Marquis, No. 157, and that unless within twenty days after the last insertion of this notice, at least ten electors of the Municipality petition the Council to submit the By-Law to the vote of the residential electors of the Municipality, the Council will proceed to pass same. The last date of insertion of this notice is June 12th, 1913.

By-Law No. 1

A By-Law of the Rural Municipality of Marquis No. 157 to partially restrain and regulate the running at large and trespassing of animals.

The Council of the Rural Municipality of Marquis No. 157 enacts as follows:—

This By-Law shall apply to the following animals, horses, cattle and hogs.

2. For the purposes of this By-Law the terms horses and cattle shall include the singular as well as the plural and the term horses shall include mules and donkeys; and the term cattle shall include all horned cattle or cattle that have been dehorned or are naturally without horns.

3. That except as described or restricted by this By-Law or any other By-Law or By-Laws of the Rural Municipality of Marquis No. 157 it shall be lawful for animals to run at large within said Municipality and no person be liable for an action for trespassing in respect for any animal at large under the provisions of the By-Law.

4. Any animal found trespassing upon any land or premises enclosed by a lawful fence shall be liable to be impounded by the owner or occupant of such land or premises, or other person, and such animal may be sold under the provisions of the By-Law respecting pounds and Poundkeepers unless the damage caused by such animal so trespassing and the expenses of impounding same and the lawful fees be sooner paid.

5. Nothing in this By-Law shall prevent any person from recovering compensation in any Court of competent jurisdiction from any person owning or having the custody of any animal through which such damage has been caused.

6. Any animal found at large contrary to the provisions of this By-Law shall be liable to be impounded and sold according to the provisions of the By-Law respecting Pounds and Poundkeepers unless the expenses and fees incidental to impounding the same and the lawful Pound fees be sooner paid.

DONE AND PASSED in Council assembled at on this day of A. D. 1913.

ARTHUR R. BOND, Reeve
(Seal) C. W. McKENZIE, Sec'y.

By-Law No. 2

A By-Law of the Rural Municipality of Marquis No. 157 providing for Municipal Pounds and the regulation of same.

The Council of the Rural Municipality of Marquis No. 157 enacts as follows:—

1. That the following be and are hereby established as Public Pounds for the Rural Municipality of Marquis No. 157.

(a) No. 1 shall be situated on the Quarter of Section in Township and Range west of the Meridian, known as the farm.

(b) No. 2 shall be situated on Lots in Block in the hamlet of at the premises commonly known as the stables.

(c) No. 3 etc.

2. That there shall be a Poundkeeper for each Pound whose remuneration shall be such fees and charges as he shall be entitled to under the tariff prescribed by the Minister.

3. That said Pounds shall be for the impounding of animals at large or trespassing contrary to the provisions of any By-Law of the Rural Municipality of Marquis No. 157, which said impounding may be done by any person.

4. Whenever any animal is impounded it shall be the duty of the Poundkeeper to detain the same until the owner or owners thereof shall have paid the charges and fees payable to the Poundkeeper as set out in the tariff as prescribed by the Minister and the amount of damages if any claimed for the trespass.

5. If a Poundkeeper impounds or assists or incites any person to impound any animal in any Municipality unless such animal was an estray or was trespassing upon the Poundkeeper's own land, he shall in addition to any civil liability which he may incur by reason thereof be guilty of an offence and liable on summary conviction to a penalty not exceeding \$100.

6. Every Poundkeeper shall at his own cost keep the Pound to which he is appointed, clean and in good repair and shall supply the animals impounded therein with sufficient and wholesome sustenance and provide for them such shelter as is commonly provided at the time for animals of similar age and class in the vicinity and the Poundkeeper may send such animals out of his Pound at fit times and to fit places for grazing and watering and every Poundkeeper shall be responsible to the owner of any impounded animal for all loss or damage occasioned by any act or negligence of himself or his agents in no case an open wire corral to be regarded as a suitable pound.

7. If the owner of any impounded animal is known to the Poundkeeper as the owner of such animal the Poundkeeper shall forthwith deliver at or mail by registered post to the address of such owner, a notice in the form hereinafter provided.

(b) In case such owner is not known or such owner or person notified shall not within ten days after the posting of such notice appear at the pound and release the animal so impounded by the payment of the law-

ful fees, mileage rates and claim for damage, the Poundkeeper shall cause to be inserted once each week for two consecutive weeks in some newspaper circulating in the vicinity of the pound a notice in the form hereinafter provided:

Notice is hereby given under Section 310 of the Rural Municipality Act that (description of animal impounded giving registered brands, if any, marks and points) was impounded in the pound kept by the undersigned on the (description of quarter section or other place where pound is located) on day of 1913.

(signature of poundkeeper)

8. Every Poundkeeper shall without extra charge in addition to any copies of any notice which he may be required under the act to post or deliver, post a copy of every such notice in a conspicuous place at his pound, and in the nearest post office and shall keep and maintain such notice at this pound during the whole of such notice such notice may refer to.

9. When any animal shall not have been released from the pound within twenty days after the notice has been inserted for at least the last time in a newspaper as in Section 310 of the Rural Municipality Act mentioned the said animal shall be sold by public auction after such notice of such sale shall have been posted for eight days in three conspicuous places in the Municipality, one of which shall be the post office nearest the pound, and at such sale the Poundkeeper shall be the auctioneer, and such sale shall be held at the pound or at such other place as may be designated by the By-Law of the Municipality and shall commence at the hour of two o'clock in the afternoon and the Poundkeeper shall not either in person or by his agent purchase any animal at such sale or have any interest of any kind in any animal so purchased.

10. If more than one animal is impounded and the owner thereof is known, the Poundkeeper shall only sell sufficient of such animals to satisfy the claims for damages, expenses and fees chargeable against the animals and the owner of the animals shall be entitled to those remaining unsold.

(b) If the owner of the animals is unknown the Poundkeeper shall sell all the animals impounded.

(c) The Poundkeeper shall immediately after such sale send to the Treasurer a description of the animal sold, the date of sale and the amount realized and the disposition thereof.

11. No Poundkeeper making a sale under the provisions of the Rural Municipality Act and of this By-Law shall be liable to a penalty for selling without a license as an auctioneer.

12. The proceeds of the sale of any impounded animal sold under the provisions of this Act shall be applicable in payment:

(a) Of any costs and charges attending such sale.

(b) Of all sustenance fees.

(c) To the impounder of such animal of the amount due to him for mileage charges and for damage done to the owner of such animal, or if not claimed at the time of sale by any person entitled thereto, to the Treasurer of the Municipality.

13. The owner of any impounded animal may give notice in writing to the Poundkeeper that he intends to complain to the Justice of the Peace against the person impounding such animal and upon receiving such notice and upon deposit with the Poundkeeper of the amount claimed for damages together with the pound or other authorized fees and charges, the Poundkeeper shall release such animal and shall retain such amount subject to the order of a Justice of the Peace as hereinafter provided.

Such complaint may be upon any one of the following grounds:

(a) That the impounding was illegal, or

(b) That the damages claimed are excessive, or

(c) That the impounding was illegal but that in any event the damages are excessive.

But the Justice shall not enquire into any complaint of which has not been given.

14. Within ten days after giving the notice in the last preceding section mentioned, the owner may lodge his complaint, as set forth in the notice with a Justice of the Peace who thereupon shall institute the like proceedings as are authorized under the Criminal Code for Justices making orders for the payment of money, and upon hearing the complaint the Justice may determine the matter of such complaint, and if the Justice

(1) Adjudges that the animal was illegally impounded as claimed, the Justice shall order the said animal (if not released) to be restored to the owner, or (if released) the money deposited with the Poundkeeper to be repaid, and in either event the Justice shall order the impounder to pay the cost of the proceedings and all fees to which the Poundkeeper is lawfully entitled or

(2) Finds on a complaint as laid in Clause B of the last preceding paragraph, the amount of damages which the impounder has sustained to be less than claimed, the Justice shall order the excess and the owner's costs of the proceedings to be paid to the owner by the Poundkeeper out of the moneys paid in by the owner, and if no money has been paid in by the owner, the Justice shall order the payment of the amount of such damages so fixed less the costs of the proceedings, and in default of such payment, the animal impounded shall be sold and the proceeds applied as hereinafter directed by this By-Law, or

(3) Adjudges that the animal impounded was legally impounded or that the amount of damage sustained was not less than the amount claimed by the impounder, then the Justice shall make an order for the payment forthwith of the amount claimed and all pound and other authorized fees together with costs of such proceedings and in default of such payment the animal impounded shall be sold and the proceeds applied as hereinafter directed by this By-Law.

(4) Finds on a complaint laid as in Clause C of the last preceding paragraph that the animal was legally impounded but the damages sustained

by the impounder were less than claimed, the Justice shall make an order as directed by paragraph two thereof but shall not allow costs to either party and proceedings shall be taken on any such other order as provided in such paragraph.

15. Nothing contained in this By-Law shall deprive the owner of any animal impounded of any action, remedy or right that he may have at common law or otherwise by reason of the same being unlawfully seized, detained or impounded.

16. Nothing herein contained shall prevent the owner of any lands trespassed upon or of any property destroyed from waiving rights created by this By-Law and bringing his action in any competent Court in consequence of any trespass.

17. Any person convicted of a breach of this By-Law shall be liable to the penalties imposed by the By-Law providing for the enforcement of the By-Laws of the Municipality.

DONE AND PASSED in Council assembled at this day of 1913.

Calgary Exhibition

Such a variety of splendid prizes are offered for such a multitude of classes in the premium list of the Calgary Industrial Exhibition that nearly every reader, particularly in a farming community, should be able to find some class in which they have an opportunity to exhibit some article, animal or product. Every year the Calgary exhibition grows in importance, variety, value and entertainment and from the program prepared for for this year, those who spend their annual vacation at the Calgary fair will find every department greatly improved. Full particulars regarding exhibition matters may be obtained from Manager Richardson, Victoria Park, Calgary. The list shows that there has been an offering of \$50,000 in premiums and purses, and for the entertainment of the crowds there has been secured a line of specialties which will be presented twice daily in front of the grand stand.

ALL HAVE EYES
ON INDUSTRIES

Western Canada is Wide Awake to the Importance and Necessity of the Local Factory

In every city in Western Canada, and in practically every town, there is a high-salaried commissioner whose special work is the securing of industrial enterprises for his particular municipality. In no part of the world is there greater activity along this line than in Winnipeg, Brandon, Regina, Moose Jaw, Medicine Hat, Lethbridge, Calgary, Edmonton, Saskatoon, Portage la Prairie and other cities. The inducements these centres offer are in most cases very attractive, including free sites, and low assessments. They have selected a list of industries for which they think they have special advantages, and are making a vigorous canvass to secure them. All this goes to show that the thoughtful and enterprising Westerner realizes that the factory must be hand-maiden to the farm. They do not expect to become great and thriving cities on agriculture alone. There must be the hum of industrial activity, which will not only ensure large population but will provide a home market for the produce of the immediate farming district.

This persistent search for industries is not by any means confined to the larger Western centres. The smaller places also fully appreciate the importance of the factory in the permanent development of any centre of population. Consequently all are casting their lines for factories. A few instances may be mentioned as representing the general movement:

Camrose wants a dairy; Yorkton, a pork-packing plant; Weyburn, a fax mill; Wilkie, cereal mill; Bassano, a twine factory; High River, iron mill; Grenfell, a foundry; Wetaskiwin, oatmeal mill; North Battleford, a fence wire factory; Leduc, a packing plant; Daysland, linseed oil mill; Russell, flour and oatmeal mills; Red Deer, a clay products plant; Alia, a brickmaking plant; Macleod, four mills; Estevan, a biscuit factory; Strathmore, breakfast foods mill; Souris, creameries; Virken, a flour mill; Broadview, a pork-packing plant; Red Deer, pulp and paper mills; Lacombe, tool factory; Taber, brick and clay plants; Milestone, fax mills; McRitch, creameries; Herbert, a foundry and Nanton, a pork-packing plant.

The list could be added to indefinitely, and would present a very diversified table of industrial requirements.

MIXED FARMING

Vice-President Bury is Much Interested in the Subject

Vice-president Bury, of the Canadian Pacific Railway, while in Calgary returning from a trip to the Coast, said the company is very much interested in the question of mixed farming, and will do everything in its power to encourage the farmers to engage to a greater extent in this branch of agriculture. He believed that more mixed farming was essential to the welfare of the country and it is astonishing to find so much agricultural produce being imported. "On this trip," he said, "I was served with butter from New Zealand, mutton from Australia, fruit from the United States, marmalade from England, and potatoes from Virginia. At Vancouver I netted a shipment of twenty-five carloads of condensed milk from Eastern Canada being loaded on a vessel for export. All these articles should be produced in Western Canada."

LESSON FOR WESTERN CANADA

"Farmers from all parts of the country were in with produce, including butter, eggs, poultry, few potatoes, leeks, carrots, fruit and green stuff. Producers and consumers dealt with each other direct. Nearly every housekeeper in Chatham must have attended with basket on arm, and there was enough produce or the market to satisfy all." This is a picture of the market at Chatham, Ontario, one which should impress itself upon Western Canada.

THE EGG MARKET

The demand for eggs in Canada has increased much more rapidly than the supply during recent years. In 1908 we exported to Great Britain, eggs to the value of \$1,733,242; nine years later, the exports had fallen to less than a value of twenty-five thousand dollars while the imports in 1911 reached a value approaching half a million dollars. It is pointed out that farmers are not taking full advantage of the high prices offered for strictly new laid eggs at all seasons of the year.

Favor Mixed Farming

All the Macleod banks favor mixed farming. They have announced that the farmer who wants to borrow money for mixed farming will be able to borrow more and borrow it easier than the farmer who wants to go in for more wheat-growing.

AUTOMOBILES

With the advent of 1913 many new cars are noted on the Canadian markets. Both new and old show many refinements and improvements over 1912.

McLAUGHLIN-BUICK builders have made good their claim to a country built car.

A car built for our none-to-good Canadian roads.

A car fitted with all the latest improvements.

The prices are moderate.

Careful comparison is invited with the higher priced cars and especially with cheap cars whose makers base their extravagant claims of present worth on what their cars have not, instead of what they have.

We also have some excellent values in rebuilt cars repainted and overhauled.

Call or write for price lists.

McLEOD BROS., Gleichen

The next time you are in town, visit this store and we'll tell you all about Mickelson's Kill-Em-Quick Gonorrhea Poison. You will be interested because it means an increase of \$50 to \$100 on every 40 acres of grain you sow.

Mickelson's Kill-Em-Quick Gonorrhea Poison is guaranteed—your money back if it fails to do as you expect. It's the surest, quickest, cheapest way to kill every gonorrhea on your farm. There is so much to tell you about it that we want you to come—for your own sake.

The prices are 50c, 75c and \$1.25 per box. The \$1.25 box contains twice as much as the 75c box and is enough to kill 4,000 gonorrheas.

Jumping at Conclusions

Happy and Victorious

Magistrate (to prisoner): "You are charged with thrashing your wife. Are you guilty or not?"
"Guilty, your worship," replied the prisoner, with a smiling countenance.
"Well," snapped the magistrate, "I don't see what there is to laugh about. Don't you know that you are in a serious position?"
"Yes," replied the prisoner, "but I've been married ten years, and of all the wrappings we ever had, this is the only one I haven't come out second best. Have a cigar, your honor?"

A RASH PROMISE

Mrs. Nagger—But how was I to know that you would hang on this way.

Curious

A child at dinner with his parents, in a Saskatchewan homestead, turned to his mother, and said:
"Mother, where were you born?"
"In Scotland, dear."
"But I was born in Canada, wasn't I?"
"Yes dear."
"And father, where was he born?"
"In England."
The boy looked gravely from one to the other and said:
"Isn't it funny that we should all meet like this!"

Less Than Kind

Mr. Ballington Booth tells a story of a woman who stood up to testify to her conversion, and who, with great earnestness denounced her former ways.
"I was very foolish and vain," she said; "wordly pleasures and especially the fashions were my only thought. I was fond of silks, satins, jewellery, ribbons, and laces. But, my friends, I found they were dragging me down to perdition, so I gave them all to my sister!"

Well, He Hadn't

"Not yet."

Very Nearly

To instill into the mind of his son sound wisdom and business precepts was Cohen senior's earnest endeavor. He taught his offspring much, including the advantages of bankruptcy, failure, and fires. "Two bankruptcies equal one failure, two failures equal one fire," etc. Then Cohen junior looked up brightly. "Fadder," he asked, "is marriage a failure?"
"Vell, my boy," was his parent's reply, "if you marry a really wealthy woman marriage is almost as good as a failure."

SAYS INDUSTRY IS HAMPERED

If Iron and Steel Plants are to Extend Present Schedules Must be Overhauled

It is generally recognized that iron and steel are the basic industries of Canada. Think for a moment of the great variety of articles into whose manufacture iron or steel enters. The following despatch, therefore, to the Globe, from Sault Ste. Marie giving a statement of T. J. Drummond of the Lake Superior Corporation is of interest:

"In regard to further extensions, I may say that we have had under consideration certain extensions of our iron and steel plant, but we have decided to postpone definite action in the meantime, pending possible consideration and action of the Dominion Government in regard to the iron and steel tariff."

"The existing tariff in iron and steel is so torn up by special dispensations, exemptions and rebates, that the progress of the industry is retarded, and in many cases made absolutely impossible. Under the existing tariff we are encouraged to manufacture in small lines, giving small tonnage, and then discouraged in progression into the manufacture of heavier sections, which give larger tonnage. In other cases industries are practically bonused to purchase their pig iron, merchant steel, etc., abroad, and so in one way and another the industry is hampered, and the tariff is in many cases by these exemptions made absolutely illogical and inconsistent."

"If the iron and steel industry is to go forward this tariff must be overhauled, and such matters as I have referred to must be dealt with in a common sense manner, and especially in connection with pig iron, merchant mill products and structural steel. At present practically one million tons of iron and steel are annually being brought into the country, and the bulk of this tonnage could and should be made in Canada. We placed our case before the Government during the last session of Parliament, and we are hoping that something may be done this session, but pending the outcome of what consideration the Government is giving to our case, we can only mark time, and hope that such action will be taken as will warrant us in going ahead with the extensions we have in view."

NO PATCHES ON MY PANTS

The Presidential campaign in the United States has allowed the political poets to break loose with the usual lavish supply of doggerel. Here is one of these "poems":

Oh! yes; I've heard about the trusts.
Of how I'm being "done."
Of how the wicked Tariff, too,
Is "robbing" ev'ry one.
But I am working ev'ry day,
And maybe you, perchance,
Have noticed that I haven't got
A patch upon my pants?

They tell me that I am a "slave"
Of "plutocratic" rule;
That I should vote for Wilson, and
The party of the mule
That he will rip the Tariff up
And on the pieces dance;
But, please observe, I do not wear
A patch upon my pants.

Once I was led astray; I think
It was in 'ninety-two,
When Cleveland ran for President;
I shouted for him, too;
Thought there'd be work for ev'ryone,
And wages would advance.
He was elected and I wore
Big patches on my pants.

I lost my job, and couldn't get
Another thing to do.
I walked the street and ev'rywhere
Soup-houses met my view;
And there were thousands just like me,
All fighting for a chance
To earn their bread, and ev'ry man
Wore patches on his pants.

I will not vote for Wilson; no.
With him I don't agree.
As for his party, well, kind sir,
Once was enough for me.
I've steady work, I have good pay,
And you may note; perchance,
I'm wearing creases now, instead
Of patches on my pants.

From \$200 to \$15,000

Rev. W. J. Speers who made a tour of Western Canada spoke of a young Englishman with whom he had talked and who had gone to the west two years ago with \$200, and was now worth \$15,000. He asked him how he would like to go back to England.
"That would be the worst sentence you could pass on me," he replied.

THE WELD THAT HELD

You don't want merely a "strong fence". You want the strongest fence made. You want the most durable fence—because that means long use, perfect service, real economy. Also, you want the fence that looks well, that fits your needs as perfectly as though made to your order.

PITTSBURGH PERFECT WELDED FENCE

One Solid Piece of Steel Throughout.

No clamps, ties, twists, or wraps. Wires electrically welded at every contact point—the weld is even stronger than the wire. This welding adds strength and reduces cost. The only welded fence made. Made in 73 different styles for every fence purpose. Pig tight, bull strong. Yet simply can't afford to miss seeing the Pittsburgh Perfect Fence.

Gleichen Trading Coy.

GOOD EMPIRE DAY SPORTS AT NAMAKA

Empire Day was celebrated at Namaka in a manner that will long be remembered by the hundreds in attendance.

We regret to say that not more than a half dozen of Gleichen towns people were in attendance, while more than half a hundred Strathmore folks dropped off the train that afternoon, and the farmers made up the balance of full 500.

There is one thing that seems to predominate in Namaka and in that very thing Namaka seems to have the advantage over its neighbors both east and west—namely: "BEING ON TIME"

There is also one other advantage Namaka has and that is that once a program is started the denizens keep everlastingly at it and allow no long waits. By the time one is tired talking an event another is in progress. Thus Friday was a real letter day in the history of this enterprising town.

Promptly at 1:30 the sports committee were ready for action and chose as judges D. McBean from the North, W. R. Hawkshaw from the south and W. P. Evans from Gleichen.

And then the fun started.

It would be difficult to describe the various events in detail as they occurred so rapidly that even the most rapid short-hand writer would have overworked, in fact your reporter is lucky to be able to give even a summary so exciting were they and heartily applauded.

The boys foot race was the first event and being keenly contested was won in the following order: T. Haggood, F. Winspear, H. Baker and Fred Nelsen.

The girls came next in order: Ruth Sims, Mary Winspear and Lilly Haggood. The first delighted the spectators by making a clean jump over the rope of nearly four feet.

The three-legged race was won by D. McMaster-Charlie, McGuire-Studhope, A. Burby-R. McKie, A. White-S. Taylor and Crowshoe-Tuck.

The sack race by D. McMaster, H. Burby, H. Butter and Warrior Chief.

Pole vault by Archie White, J. White and H. Barley the former winning at 8 feet 10 inches.

High jump A. White 4 feet 10 inches, S. Taylor, and N. White.

Broad jump L. White 8 feet 9 1/2 inches, G. McGregor, A. White, S. Taylor, R. McKie and T. Barber.

Running broad jump A. White 13 feet 2 1/2 inches, C. Gammon, R. McKie and T. Bates.

Hop-step-jump C. Gammon 35 feet 1 1/2 inches, J. McBean, G. McGregor, A. White, J. Bates and D. French.

The 100-yard foot race had six entries, but was so close between J. McBean and an Indian for first money and as the boy holding one end of the rope forgot himself so much as to allow it to slacken that the judges asked them to run again, when McBean proved an easy winner.

There were only a few horse races which however, were so nicely mixed in with the other sports that there were no long waits.

The half-mile in heats was keenly contested by Allen O'Bray, Geo. O'Bray, Willie Christensen and R. M. Johnson, who came in in the order named, but Allen O'Bray's horse was lamed and did not enter for the second, which resulted in Allen O'Bray winning first money and Willie Christensen second.

There were a couple of fast Indian races with plenty of excitement but your scribe was unable to get the names of the real men.

The half-mile Pony race was won by Willie Christensen and Geo. O'Bray after two attempts.

Shortly after the arrival of the Strathmore visitors the baseball match started between Strathmore and Namaka, which resulted in the former's favor, but in a football contest Namaka succeeded in turning the tables.

The evening was spent in a most

delightful dance, which continued until nearly daylight the following morning.

In the half-mile dash there were six entered, but it was easily won by J. McBean with D. French second.

In Memoriam

GRACIE MCPHEE

It was with deep regret that the many friends of Mr. and Mrs. Wm. McPhee and family heard of the death of their daughter Gracie early on the morning of May 24th.

Although Gracie had been ill for some time, still death was unlooked for and her sudden demise came with a shock and surprise to her large circle of friends. Those who viewed the remains found it hard to believe that the dread reaper had been a visitor as she seemed to be peacefully sleeping. Gracie was a girl of bright and endearing disposition, and although only 14 years of age was one of the best equestrians in the district, winning the Ladies Race at the Gleichen Exhibition in 1912, the cheers which greeted her victory showing the great popularity which she possessed in town and district. In her death her parents have lost an affectionate and dutiful daughter, her brothers and sister a loving and helpful sister and a large circle of friends and relatives a bright and charming companion. Besides her parents there are left to mourn her loss, one sister Mrs. Fred Hamar of Irricana and two brothers, Allan and Kenneth at home together with a large circle of relatives and friends.

Rev. E. Cox-Clark conducted the funeral services, held in St. Andrews church, they were largely attended after which, the remains, followed by numerous mourning relatives and friends were taken to Gleichen cemetery and laid to rest.

Among the floral tributes were the following:—

Spray—Mrs. Harrison
Spray—Dr. and Mrs. Rose.
Heart—Miss E. B. Larkin.
Anchor—Mrs. Larkin.
Heart—Mr. and Mrs. Ostrander.
Anchor—Mr. and Mrs. Pinder.
Sheaf—Messrs. Geo. Evans and Jas. Gibson.

AUGUST KERSTEIN

The funeral of August Kerstein last Thursday afternoon was attended by a large number of relatives, friends and neighbors. Mr. Grady as "one of his nearest neighbors expressed: "The kind old gentlemen will long be missed in the community." He was a man of quiet habits, yet a friend to all who knew him, and even at the age of 70 years was most active up to within a few days of his death.

All express the most sincere sympathy with his widow and the seven children who survive him, there being four sons and three daughters, namely:

Mrs. E. Griesbach, of Gleichen, who was absent in Vancouver

Mrs. Alfred Daw, of Fraserston.

Mrs. John Koster, of Cluny.

The sons being Paul, Otto and Albert, residing near Gleichen and Rudolph at Cluny. It is pleasing here to relate that Mrs. Kerstein has almost recovered from her recent illness and that Albert has also been able to return home.

The funeral service was conducted in the German language by the Rev. Mr. Leskey, of Calgary, in St. Andrew's church, the deceased being a faithful member of the Lutheran church, after which he performed the last sad rites at the Gleichen cemetery, where a large number followed to pay their last respects.

The deceased was a pioneer of the Northwest, coming from Germany in 1881 he settled north of Regina, with his wife and family, but as his family grew up they came further west, and Otto reached Gleichen more than twenty years ago, and his father followed him here ten years later and took up a homestead, afterwards acquiring more land, and, despite a prairie fire that swept away a goodly portion of his hard earnings four years ago, has left his family in comfortable circumstances.

BY-LAW No. 47

A By-Law of the Town of Gleichen to raise the sum of Five Thousand dollars.

Whereas, it is deemed expedient by the Council of the town of Gleichen to raise by loan on the credit of the Municipality the sum of Five Thousand Dollars, to be used in the completion and extension of the Water and Sewerage Works in the said town of Gleichen; and, Whereas, it is deemed advisable that the indebtedness thus created should be spread over a period of twenty years, and that the debentures issued hereunder bear interest at the rate of six per centum per annum; payable annually; and, Whereas, the whole rateable property of the Town of Gleichen according to the latest revised Assessment Roll is \$381,910.00.

And Whereas the Town of Gleichen has no existing debt outside of a bonded debt of \$41,982.94 on which there are no arrears of principal or interest and the current debt of the year;

And, Whereas, it is deemed expedient that this By-Law take effect on the twenty-fourth day of June, A. D. 1913.

And, Whereas, the certificate has been obtained from the Provincial Board of Health pursuant to the provisions of Sections 11 and 12 of the Public Health Act to complete and extend the said Waterworks and Sewerage System in the Town of Gleichen according to the plans and specifications now on file in the office of the chairman of the Provincial Board of Health.

Therefore, the Council of the Town of Gleichen enacts as follows:

1. That the sum of Five Thousand Dollars be raised to be used in the completion and extension of the Water and Sewerage Works in the said Town of Gleichen, and for the purpose of raising the said sum, one or more debentures in sums of not less than \$100.00 each of the said town of Gleichen to the amount of Five Thousand Dollars aforesaid, shall be raised, each of which debentures shall be dated of the day in which this By-Law takes effect, and the interest thereon shall be payable annually at the Canadian Bank of Commerce, in the Town of Gleichen, Alberta.

2. Each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the Town of Gleichen and shall be sealed with the seal of the Corporation of the Town of Gleichen.

3. The said debentures shall bear interest at the rate of six per centum per annum, payable annually, and shall have attached to them coupons for the payment of said interest, which coupons shall be signed by the Mayor and Secretary-Treasurer of the Town of Gleichen.

4. The said money shall be expended in the completion and extension of the Water and Sewerage Works of the said Town of Gleichen.

5. During the currency of the said debentures there shall be raised annually by special rate on all the rateable property of the Town of Gleichen the sum of \$300.00 for the purpose of paying the annual interest thereon, and a further sum of \$107.91 shall be raised annually for the purpose of providing a sinking fund in respect of the said debt, the said sinking fund will be paid to the Provincial Treasurer.

6. This By-Law shall take effect and come into force on the twenty-fourth day of June, A. D. 1913.

7. That the votes of the burgesses of the Town of Gleichen shall be taken on the twenty-third day of June, A. D. 1913, in the Town Hall, commencing at the hour of 10 o'clock in the forenoon and continuing until the hour of 7 o'clock in the afternoon of the same day, and the returning officer for taking the said votes shall be J. Tait Johnston.

8. The said Returning officer shall sum up the number of votes for and against the By-Law on the twenty-third day of June, A. D. 1913, at the hour of 7 o'clock in the afternoon in Town Hall of Gleichen aforesaid.

9. This By-Law shall be finally considered by the Council of the Town of Gleichen, and if same shall have been assented to by the electors, shall then be passed on the twenty-third day of June, A. D. 1913, in the Town Hall of Gleichen aforesaid at the hour of eight o'clock in the evening.

Read a First and Second time in open Council this second day of May, A. D. 1913.

CHAS. J. BRAY, Mayor.
J. TAIT JOHNSTON, Secretary-Treasurer

NOTICE

The above is a true copy of the proposed By-Law which will be taken into consideration by the Council of the Town of Gleichen after being voted on by the burgesses and is first published this 20th day of May, A. D. 1913.

The votes of the burgesses will be taken on the twenty-third day of June, A. D. 1913, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon of the same day at the Town Hall in the said Town of Gleichen.

J. TAIT JOHNSTON, Secretary-Treasurer
